

Tisbury Vision Council Community Meeting

THURSDAY

November 10

6:00 PM

Vineyard Haven Library

The planning board will provide an overview of the town's Complete Streets Program and gather community input.

Please note the start time and Location.

Tisbury's Complete Streets Program

Tisbury recently entered the State's Complete Streets Program to promote safe accessible options for all modes of travel (pedestrian, bike, vehicles, transit) on our local streets. The program provides technical assistance and project funding to help communities take on priority projects. Tisbury has received state funding for initial planning and is working with consultants to develop a prioritization plan. After completing the prioritization plan, the town will be eligible to apply for project funding.

At this Thursday's meeting the planning board will give an overview of the program followed by a community mapping session to identify priority streets in need of improvement. This information will be shared with our consultants as part of the prioritization planning. This is an important town project, we encourage residents to participate in this initial inventory.
